## Other Comments on the Thesis

The author of diploma thesis has researched the regional development policies in selected Sub-Sahara countries (Zambia, Mozambique and the Republic of South Africa) and compared different aspects of their development. The main weakness of the diploma thesis stems mainly from the inconsistent structure of the analyses and low level of employed analysis. Nevertheless, author describes main problems of the policies and also delivered some suggestions for policies implementation. The formal aspects of the thesis are satisfactory.

## Questions and Suggestions for Defence

Briefly discuss further concrete steps to improve the implementation of the policies under review.

## Final Evaluation

I **recommend** the thesis for the defence.

I propose to grade this Master's thesis as follows: **E**
